

Parking Lots are Danger Zones!

Walk Safe!™ and Drive Safe!®

In Montgomery County, 22% of pedestrian collisions occur in parking lots.

Don't be a statistic!

Pedestrians

- Always stay alert for vehicles.
- Don't assume drivers see you.
- Watch for vehicles pulling out of parking spaces.
- Don't walk behind a vehicle that is backing out.
- Be cautious and look around before walking out between parked vehicles.
- Treat the parking lot as you would a road – be aware and constantly look for moving vehicles.

Drivers

- Always stay alert for pedestrians.
- Don't assume pedestrians see you.
- Be especially cautious backing out of a space when parked next to taller vehicles that obstruct your view.
- Parking lots are not speedways – slow down!
- Never cut across parking space lanes.
- Treat the parking lot as you would a road – be aware and constantly look out for pedestrians.

Safety is your responsibility!
